

Government Urges Union Terminals

City Solicitor Wires From Ottawa That Agreement is Probable Between Three Big Companies

According to a telegram from the city solicitor received at the city offices this morning from Solicitor Beck the railway situation at Ottawa is greatly changed and the indications are that an agreement will be arrived at between the three companies for union terminals, jointly owned and operated.

A week ago Friday the case came before the commission at Ottawa and was by them referred to the Minister of Railways, to be heard on Tuesday last.

On the latter date it was again laid over until Friday, to be taken up by the whole cabinet. Under date of Saturday the city solicitor wires that the government used strong pressure to induce the three companies to agree to the joint use or ownership of the same terminals but that not much hope of such an arrangement was apparent and the mayor left Ottawa understanding that the agreement was improbable and that the G.T.F. plan as provided by that company's agreement with the city would be approved. After the mayor's departure the situation changed and according to Solicitor Beck's wire, it was most probable that conferences would be held and a union terminal agreement arrived at. These negotiations will probably commence Tuesday and will go on continuously but will doubtless take considerable time.

In view of the fact that this new turn of affairs may lead to a conflict of interests between the city and the G.T.F. the solicitor states in his wire that he can no longer remain in Ottawa at the company's expense and, assuming that it is desirable that he should remain at the city's expense, wires for instructions along with any view the council wishes to express.

Acting on his own initiative, Secretary-Treasurer Kinnaird wired the solicitor this morning to stay at the city's expense and to protect the city's interests against all railroads, urging an independent union terminal company which would undertake all switching in the disputed territory and handle the passenger traffic through a union station.

Attorney General

RETURNS FROM THE EAST

Outlines the Benefits Received by Alberta From the Subsidy Recommendations.

Attorney General Cross returned to Edmonton from Ottawa on Saturday night last. To a Bulletin reporter today Mr. Cross said that the conference of all the premiers of the different provinces, who were accompanied by one or more members of the various cabinets, was an entirely successful conference. The provinces of Alberta and Saskatchewan, having only recently been brought into existence, will not benefit immediately to the same extent as the other provinces of the Dominion, as far as per capita grant is concerned. However, Alberta will receive immediately upon the consent of the Imperial parliament to the new arrangement the sum of \$130,000 per annum as an increased grant, which is practically an increase of about one-ninth of the total amount at the present time received from the Dominion government for all purposes. The new arrangements, however, will prove to be of the greatest benefit to the new provinces in the future in view of the very large expected increase in population. The increased population will result in a proportionate increase of revenue from the per capita grant. As far as Alberta and Saskatchewan are concerned the per capita grant will be based on the population arrived at by the taking of a five yearly census, as under the present Autonomy act, while the population of the older provinces will be based on a ten year census. This, he considers, will be of great importance to the Province of Alberta, owing to the fact that our population at a very low estimate will more than double every five years.

The Premier of British Columbia, Mr. McBride, was the only member of the conference who did not agree to the terms submitted by the conference to the Dominion government for their approval, although he was offered a grant of \$100,000 per annum for a term of years over and above what was to be given to the other provinces. His contention was that the province of British Columbia, owing to its geographical and natural physical conditions was entitled to exceptional treatment for the purpose of assisting the province to carry on civil government. The other members of the conference agreed to this principle but Mr. McBride would not agree to accept the amount offered by them. It was urged on the conference by the Alberta, Saskatchewan and Manitoba representatives that the three prairie provinces were also entitled to exceptional treatment as well as British Columbia, and a motion was placed before the conference, moved by Premier Scott and seconded by Premier Rutherford that a grant of \$50,000 per annum be made in recognition of this fact. The motion, however, was lost on a division.

Mr. Cross says that the matter of the inability of the judiciary of Alberta to satisfactorily cope with the greatly increased judicial business of the province, due entirely to the large number of towns and settlements which have sprung up during the last year's time, was brought to the attention of the Dominion government by the Alberta representatives, and that he hoped to be able to introduce a new Court act at the next session of the Alberta legislature, which would have the effect of enabling the civil judicial business, and more especially the small debt civil cases to be disposed of with the utmost expedition.

While these negotiations are going forward at Ottawa, R. A. Jamieson, of the Canadian Pacific has urged the city council asking for a date when he could meet the mayor and council to submit a new proposition regarding the sale of the city hall to the city. The objection which the city held toward the last C. P. R. proposition was that it proposed to close Athabasca and Peace avenues at Ninth street, a concession which the council was in no wise disposed to grant. Mr. Jamieson asks that no action be taken on this matter until he has a chance to submit his new proposition and intimates that he may have to bring a higher authority than himself to Edmonton to negotiate with the council. There is a feeling around the city hall today that Mr. Jamieson's new proposition will be along the lines of a union terminal company, as there is no other way in which his company could gain access to the territory south of the C. N. R. without placing their yards in Block 10, and thereby closing Athabasca and Peace, a concession which the council in its present frame of mind would vigorously oppose before the railway commission.

Chinese Famine

DUE TO CROP FAILURE

Missionaries Report That Ten Million People are on the Verge of Starvation

Bulletin Special.
Shanghai, Nov. 4.—Missionaries report a state of famine in the north of the province of Kinsuei, Central China. Ten million people are fairly starving because of the failure of the crops. The authorities are unable to cope with the situation because of crop shortage in the adjoining provinces, and the lack of transportation facilities with which to bring food from a distance.

DOYLE TRIAL

Morden, Man., Nov. 4.—The production of the register of the Albion hotel at Battleford with the name "V. Weiler" written in it was a revelation of the line of argument to be taken by the defense. The testimony of Thorngren, an Icelandic magistrate, that the clothes found on the dead man did not look as if they had been lying out of doors all winter and the reasoning by his lordship of his decision as to whether to accept the deposition of Ernest Bailey the missing witness, made at the preliminary trial were full of sensational turns at most unexpected times and the crowded court house was kept on the qui vive all day. The attendance both morning and afternoon was large. Doyle displayed unusual interest and his sharp blue eyes followed every move. At times he leaned forward out of his chair and when the name "V. Weiler" on it, a faint smile played over his face, and a gleam of color seemed to be discerned. Mrs. Doyle and her daughter were present at both sittings. Mrs. Doyle gave not the slightest sign of feeling, but the daughter seemed to appreciate keenly her position. The defense is putting up a stubborn fight and is battling for the life of the prisoner, contesting every inch of ground. It is understood that the defense has some surprises in store and will endeavor to prove that the man seen in Snowflake on the day the murder was supposed to take place was not Weiler at all.

One of the most important witnesses was Halvor Thorngren, the magistrate who heard the trial at Morden when Doyle was charged with kidnapping Weiler. The previous witness had been the weather recorder for Snowflake district and gave the fall of snow and described the weather for the winter. Mr. Bonnar asked Thorngren if he thought the clothing could have been in the condition it was in lying out doors all winter. The witness did not believe it was as well preserved; in fact, seemed certain of it. During the course of the examination of this witness, Mr. Bonnar definitely announced that he would endeavor to prove that it was not the body of Vincent Weiler who was found but that of another man dressed up in his clothes. There was a long fight between the counsel over the acceptance of deposition of Ernest Bailey, the missing witness, made at the preliminary trial, as evidence. Before it can be accepted. It must be proved that the witness is not in Canada. Witnesses were put in the stand to show that a long search had been made for him and that the last seen of him had been at Hannah, N. D. His lordship was inclined to believe that this was not sufficient proof but reserved judgment on the point. Three Battleford witnesses testified in the afternoon: Gro. Rogers who runs a barber shop and pool room there, Joseph Daudel, a literary man and Corporal Dann, of the Mounted Police. It was at this time that the defense sprung the surprise in producing the register of the Albion Hotel.

THREE YEARS FOR BIGAMY

Bulletin Special.
Mooseomin, Nov. 3.—J. E. Archambault, convicted of bigamy, was sentenced to three years in the Alberta penitentiary by Hon. Justice Wetmore.

Rosebud Creek, Alta., F. C. Vigor.

New C.P.R. Bridge

WILL HAVE SUITABLE DESIGN

Architecture Will Accord With Surroundings and Harmonise With Provincial Buildings

Premier Rutherford stated today that during his visit to the east he met Sir Thomas Shaughnessy, president of the Canadian Pacific Railway in Montreal. The president of the C.P.R. assured the premier of Alberta that the architectural design and construction of the proposed C.P.R. bridge over the Saskatchewan river between Edmonton and Strathcona would be of such a nature as to be in perfect harmony with the proposed plans of the grounds and of the parliament buildings. The C.P.R. are anxious to co-operate with the government in maintaining the natural beauty and enhancing the landscape features of the site of Alberta's legislative buildings.

The premier further stated that the site would be surveyed at once to ascertain the amount of land it contained and that a landscape architect had been secured to elaborate a scheme of beautifying the grounds. The plan of the buildings will be in conformity with the plans of the landscape architect so as to give unity and harmony to the scene. Mr. F. G. Todd of Montreal, who is doing similar for the Saskatchewan government will be the architect and is reputed to be a very competent landscape engineer. Mr. Todd arrived in the city last Friday.

The premier further stated that the government were determined to make the proposed buildings in every way worthy of the people and the great province of Alberta.

—Mr. Frank Webb, the commissioner in charge of the Alberta exhibit at the Halifax exhibition returned on Saturday. Mr. Webb was in the Sully wreck and has not fully recovered from the shock he received in that collision. He says the Alberta exhibit was one of the distinctive features of the Dominion exhibition and that if one-fifth of the people emigrate to Alberta, who declared their intention to do so it will mean a large increase to the farming population of this province. Mr. Webb says many people hardly believed that oats grew six feet high in the west, and said the straw was spiced. When the exhibition closed the exhibit was distributed among the various churches for harvest home festivals.

vice D. C. Wishart, resigned.

Assessment Stands

APPEAL IS THROWN OUT

Chief Justice Sifton Refuses to Allow Appeal of Killen & Gilbert on Lot 217 Block 2, H. B. R.

In chambers this morning before Chief Justice Sifton, Killen & Gilbert's appeal from the decision of the assessment commission as made by City Assessor McMillan stands.

The application was a test case, Killen & Gilbert applying for a reduction of assessment on lot 217, block 2, H.B.R., which was assessed by the city assessor at \$9,000 and which assessment the city assessment commission refused to reduce. E. T. Bishop, solicitor for the applicants confined his attention to an endeavor to prove that whereas the lot in question had been offered, and was still offered, for sale at \$7,000, the \$9,000 valuation was gross.

Mr. Newell, of Beck, Emery & Newell, who acted for the city argued that as the lot was assessed on the same basis as other lots in that vicinity no injustice was done and no gross overvaluation was shown.

Chief Justice Sifton in refusing the appeal stated that it was a matter of common sense as much as law. It really made no particular difference to the rate-payers whether their property as a whole was assessed high or low so long as it was equitable, and while some over-enthusiastic assessor might place the whole valuation at twice its actual value that was no evidence of unfairness, although such an assessment might not be desirable. In this case, the fact that others in the vicinity had not considered it worth while to appeal against the assessment he took to mean that they were satisfied with it, and he therefore did not feel inclined to upset it.

C. P. R. WESTERN LANDS

Winnipeg Free Press: Mr. E. T. Griffin, land commissioner of the C. P. R., in a Montreal interview, said, "Since the beginning of this season, the prices of our lands in the west have gone up twenty-five per cent, and by this increase, speculation has to a great extent been eliminated, for it takes too much money now to speculate in large blocks of land. We are therefore dealing almost exclusively with actual settlers, which is very satisfactory to us, for it is actual settlers and not speculators, that we wish to encourage."

—A meeting of the hockey men of the city will be held in the Alberta Hotel next Friday evening at 8 p.m. to arrange a schedule for the city league games. Two representatives from each club are asked. Others who are interested in the game are invited to attend. Manager Joe Duhamel says his men are eager to get on the ice and will begin training this week. He thinks he has a pretty fast bunch.

Calgary Moving

IN BASEBALL MATTERS

Baseball Fans Preparing for Next by Signing Players—Medicine Hat on the Jump

Calgary, Alberta, Nov. 5.—(Special to the Bulletin)—League baseball is all the talk at Calgary. The situation looks flattering for a compact, snug little circuit, composed of Medicine Hat, Lethbridge, Calgary and Edmonton. Calgary is already negotiating for players and the management is in communication with Sam LaRoque, of the San Antonio, South Texas league for playing manager. It will be necessary for Calgary to buy this release, but they are sparing neither pains nor money here to get together the pennant winning team of next year's Western Canada Baseball League. Catcher Ford was presented with a diamond ring the other day by Calgary enthusiasts when they heard that Edmonton was trying to secure the star receiver.

Medicine Hat is stirring up a cloud of dust in its efforts to get in a winning team. In Fleming, of that city, has undertaken to get the celebrated player, Bill Harris, in shape for next season by sending him to Winnipeg to take the Keely cure. Harris is a noted player of whom booze is getting the best of. Lethbridge is figuring on Bill Hamman for playing manager. He played left field for Winnipeg Maroons.

J.P.S. GRINDING CHINESE FLOUR

Alexander McLean, Dominion trade agent in Japan says in his October report: It is announced with every evidence of bona fide intention that the Toa Flour Manufacturing Company of Tokyo is now in a position to go ahead. The capital of 3,000,000 yen has been taken up by leading financial promoters with Baron Shibusawa at their head. The object of the company is to undertake the manufacture and sale of wheat flour in Japan and China, and to carry on the additional business of warehousing at Hankow, China.

Another milling company with a similarly large capital is being promoted by Mr. Okura, a leading Tokyo capitalist largely concerned in various industrial enterprises. Mr. Okura says, however, that he intends this enterprise entirely for China, and that he expects to grind Chinese grain exclusively. He admits that Chinese wheat is far inferior, measured by the Canadian, Australian and other high standards, but it supplies the demand there. It is what the native people have been using; it serves their purpose, and they would not appreciate high grade flour which must of course be at the higher price. He said there was a great quantity of good flour taken by China, and the trade would grow, he thought rapidly. He had looked to Canada in connection with the several industries in which he was interested, and he expected profitable results as Canadian development advanced. Although for the present intending to use only Chinese grain, because at first it was necessary to go slowly, he anticipated success, and in that case the extending to the production of a high class article would not follow. In that event he would likely want the best raw material available, and he expected that the quality of Canadian wheat and flour, but the market in the Orient had to be cultivated with perseverance.

RANFURLEY

Correspondence.

Ranfurley, Nov. 4.—Ranfurley was visited Thursday, Nov. 1st, by the first snow storm of the season. Snow fell to the depth of five or six inches making it possible for the farmers to utilize their sleighs. The weather continues dull and threatening, but it is as mild that rain is as likely as snow. The ground is not frozen the least as yet.

The C. N. R. extra gang have been here for the past week. They are raising the track and digging in the rail-bed hauled last summer.

Now if we only had a depot and an agent.

Dr. and Mrs. Steele are now nicely settled in their rooms over LaBelle Bros. store.

Mr. R. Blais has moved the two-storey store building from R. R. avenue to his farm north of the village. He is converting it into a dwelling house.

Tenders are out for a new school for the newly formed Avon district, also for a Catholic church just north of the village.

With the Ranfurley school house, which will be built this fall, as soon as the necessary preliminaries can be arranged, it begins to look as if there would be some work for carpenters here all fall and winter.

These are only signs of the times, and the opening up of the rich lands between here and St. Paul on the Saskatchewan river by a main trail, we are convinced that the year 1907 will be a prosperous one for Ranfurley.

Arrangements are being made whereby the lumber business carried on by Fred Bros., of this place, will be taken over by Moses Bros., of Spruce Grove, Alta. and Stratford, Ont. The business will be operated by G. Elliott of Ranfurley.

Miss R. Blais, and Mr. A. E. LaBelle spent Saturday the 3rd, in Vegreville.

Mr. and Mrs. Parent are again nicely settled in their home here, after a sojourn of several weeks with friends in Montana.

Mr. C. Watson recently sank a well on his lot, getting abundance of good water in a vein of gravel, at a depth of fifteen feet.

Services are held alternately every two weeks by a representative of the Methodist and Presbyterian denominations at Mr. C. Watson's home.

Mr. and Mrs. Pickard have taken up their residence on their homestead N.

W. 1-4 Sec. 14, T. 51, R. 12. Allotted to them the glad hand.

CORRESPONDENCE INVITED

Edmonton Branch : : H. A. GRAY, Agent.

LOCAL

—“Jerry from Kerry” tonight at the Edmonton Opera House.

—Supreme court tomorrow at 10 a. m. Chief Justice Sifton will preside.

—John Halmstad, assistant general freight agent, C. P. R., Calgary, is in the city, and registered at the Alberta.

—The printers' hockey club will hold a meeting in the Bulletin office next Thursday evening.

—The pipe organ in All Saints church was inoperative yesterday owing to sand in the water that operates the motor.

—Rev. Dr. McQueen preached in Strathcona last evening while Rev. D. Fleming of Strathcona occupied Dr. McQueen's pulpit.

—Owing to a typographical error in P. Perkins & Co's page “ad” on Friday last, “15 cents” instead of “15 cents each” was incorrectly made to read “15c.”

—A meeting of the committee and officers of the Edmonton Rifle association will be held in the Young Liberal Club rooms on Saturday, Nov. 10th at 8.30 p.m.

—The executive committee that has the house-to-house visitation scheme on hand has not yet received the names of sufficient workers from the various churches.

—The Epworth League of McDougall church will not meet this evening owing to the concert in Grace church. The executive, however, will hold a short meeting.

—Mr. A. S. Roberts, brother of the late Mr. Roberts who died at Bevilton's trading post on Lesser Slave Lake, leaves for his home in London, England tomorrow. Mr. Roberts came out here on business connected with the business of his late brother's estate.

—C. D. J. Campbell, inspector of the real estate department of the Canada Life Assurance Co., is in the city today. During this present trip through the country inspecting the farm lands upon which the company's loans are made, Mr. Campbell has travelled 8,000 miles.

—Revelion Bros. are moving their grocery department into the new store this week, which I situated up temporarily until after Christmas when brand new fixtures will be installed. The portion now used for the grocery department will become the gent's furnishing department of the renovated store.

The Pringle Company played Rip Van Winkle to a good house on Friday night. Rip and Gretchen were two good characters very ably portrayed by Joanne Pringle and Pearl King. Rip Van Winkle is one of the best produced of the Pringle Company and they are keeping up their reputation as merry-makers of a good class.

—The marriage of Mr. J. C. F. Barr and Mrs. Sarah Houston took place on Saturday at noon, November 3rd, in the parlors of the Pendennis hotel, Edmonton. The ceremony was performed by Rev. C. H. Hudson, M.A., pastor of McDougall church. Only the near relatives of the contracting parties were present. After dinner at the hotel, Mr. and Mrs. Barr left for their home in Agleyville.

—Mr. H. Round of Carruthers, Round & Co. has returned from a visit to Fort Francis, where he had gone to visit his daughter who has been seriously ill, but is now recovering rapidly. Mr. Round says that in the vicinity of Fort Francis there are 26 lumber camps employing 1,600 men in the woods. An immense dam is being built at this point of the Rainy River that will supply 60,000 h.p.

—Corporal Bosseuge, R.N.W.M.P., Broadview was in the city yesterday. The corporal was in this district in 1888 in command of the St. Albert detachment R.N.W.M.P. He farmed for sometime at Egg Lake and for a number of years kept a bookstore in Edmonton. He then went to Wetaskiwin where his store was burned about three years ago, when he rejoined the R.N.W.M.P.

—The re-opening services at Grace Methodist church, Kinistino avenue, were held yesterday, large congregations attending both morning and evening. The pastor, Rev. A. S. Tuttle, B.A., was assisted by Rev. Dr. Daly of Wetaskiwin who preached the sermon at both occasions. Special music was rendered by the choir. The church building has been lengthened by 30 feet and raised eighteen inches, making it one of the largest and most commodious places of worship in the city.

SOCIAL AND PERSONAL.

W. F. Bredin, M.P.P. for Athabasca is at the Alberta.

Mrs. A. Carmichael Sixth street has issued invitations for a tea from 4 to 6 p.m. Thursday.

Mrs. C. A. Mitchell, Fifth street announces that she will not receive on Wednesday afternoon.

Mrs. Frank B. Smith will receive on Wednesday, November 7th, and afterwards on the 1st Wednesday of each month.

C.P.R. OFFICIALS HERE

R. R. Jamieson, divisional superintendent of the C.P.R., J. E. Switzer of the Engineering department, accompanied by his wife, W. E. Brooks of the Calgary division headquarters and R. H. Roberts of the Toronto office comprised a C.P.R. party which paid Edmonton a brief visit yesterday. They were here on a tour of inspection of western branch lines and visited Edmonton in order that Mr. Switzer might have a look over the high level bridge site. Mr. Switzer and Mr. Jamieson spent an hour or so in the afternoon down at the river looking over the situation.

CITY NEWS**BASEBALL MEETING.**

“Deacon” White went down the line yesterday to attend the organization meeting of the Western Canada Baseball League which takes place tomorrow evening in Lethbridge. It is expected that the formation of a league will be perfected and recognition applied for to the national board.

—Mr. John Fielders, Inspector of public works, accompanied by W. M. Lafaire, assistant accountant in the public works department left this morning for Athabasca Landing where they will join a party to look over the proposed trails on the north and south side of the Athabasca River as far as Moose Portage.

VISITATION COMMITTEE.

(Contributed.)

The Workers' Committee of the house to house visitation will meet in Queen's Avenue Presbyterian church on Friday, Nov. 9th, at 8 p.m., when it is hoped that the various members of the committee will be able to report that they have secured the full number of workers required. The importance of this work ought to enlist the earnest sympathy and co-operation of all Christian workers. The work will be undertaken on two afternoons, Friday and Saturday, in order to accommodate all. In giving your name to the workers' committee give also your street address and say whether you can work on Friday or Saturday afternoon or both. The dates on which the census will be taken will be announced later.

EACH IN HIS OWN TONGUE.

(By Professor W. H. Carruth) (Published by request)

A fire mist and a planet—
A crystal and a cell—
A jelly-fish and a saurian,
And caves where cave-men dwell:
Then a sense of law and beauty,
And a face turned up from the clod,
Some call it Evolution,
And others call it God.

A haze on the fair horizon,
The infinite tender sky,
The rope, rich tint of the cornfields,
And the wild-geese sailing high—
And all over upland and lowland
The charm of the golden-rod,
Some of us call it Autumn,
And others call it God.

Like ideas on a crescent sea-beach,
When the moon is new and thin,
In our heart's high yearnings
Come welling and surging in—
Come from the mystic ocean,
Whose rim no foot has trod,
Some of us call it Longing,
And others call it God.

A picket frozen on duty—
A mother starved for her brood—
Socrates drinking the hemlock,
And Jesus on the road:
And millions who humble and nameless,
The straight hard pathway plod—
Some call it Consecration,
And others call it God.

CONCERT THIS EVENING.

This evening the choir of Grace Methodist church will give a concert in the church which promises to be a splendid musical event. The following well known artists of the city will assist in the program: Miss Seythes, soprano, Mr. Jackson Hanby, tenor; Mr. Vernon Barford, pianist. The choir under the leadership of Mr. Howard Stutbury will render several selections and the male quartette will contribute two numbers. The proceeds go to the building fund of the church.

JUDGE MADORE DEAD.

Private news reached Mr. Louis Madore, barrister, of this city, of the death at Montreal on Friday last, of his cousin, Hon. J. A. C. Madore, judge of the Superior Court of the Province of Quebec.

Judge Madore was born at Blue Bonnets, near Montreal, in 1860. He studied at St. Mary's College, Montreal, carrying the philosophy gold medal. After graduating at McGill university he was admitted to the bar and formed a law partnership with the Hon. Rudolph Laflamme. He was later on head of the firm of Madore, Guerin & Merrill, and president of the Montreal bar.

In the eighties, he unsuccessfully contested the Jacques-Cartier division of Montreal in the Liberal interests against Mr. (now Supreme Court Justice) Grouard. In 1896, he was elected member of the house of commons for the county of Hochelaga—a Montreal division—and was returned in 1900. In 1903 he was elevated to the Quebec Superior Court bench for the district of St. Hyacinthe.

He was married a few months ago to Miss Beauchemin, daughter of Mr. Beauchemin, K.C., of St. Hyacinthe.

GETTING IN LINE

Calgary Alberta: "The City of London is the latest to decide to discard the worn-out method of doing business by ad-hoc committees, and adopt instead the method of doing business by commission. The city of London has had a long experience in municipal work and has repeatedly noticed the errors made by entrusting important work to men who are novices and who have not the time to attend to the affairs of the city." Well done, London!

RESTRAINT AND CONSTRAINT

Referring to the increase of juvenile crime, its probable cause and the remedy, the grand jury at Portage la Prairie, in making its presentation, said: "It is with regret that we have to deplore the large docket presented for our consideration, especially the number of cases of assaults upon the persons of females of tender age, mostly in our opinion, being the result of parental neglect, and we also found that in nearly all these cases, the education of whole families was being neglected, convincing us of the necessity of a change in our educational system to compulsory attendance in the province, and we would respectfully urge that our views on this subject be brought before the government."

Emphasis is here given to a result of compulsory attendance at school which is often overlooked—that of restraining the child from wandering into wrong paths. Compulsory attendance is ordinarily regarded as a kind of mild manner of coercing the child into becoming a good citizen. Quite right, but it is also a very effective method of preventing him becoming a worse than useless citizen. When a boy is in school he is being constrained to mental development and moral integrity, but he is also being restrained from the influences that tend to mental and moral perversion, and thence to crime.

ONE FOR McBRIDE

Some of the B. C. papers are showing anything but enthusiastic support of Premier McBride's spectacular but costly bluff in Ottawa and the appearances are that the B. C. premier will have ample opportunity for explaining why he did not follow the time-honored advice to "Take all he was offered and hold for more." The Nelson Daily News goes one better and offers Mr. McBride the chance of showing what he has done with the revenue he already has that entitles him to represent the province of British Columbia as being "hard up." The News says: "His province is hard up," is the comment of one of the eastern papers upon Premier McBride's demands upon the Dominion treasury. Is British Columbia hard up and if it be, why is it hard up? are questions that comment of this kind will naturally give rise to. We want a square deal from the Dominion, we want all that is legitimately coming to us as a member of the confederation and even if our treasury were full to overflowing, we should still rightly demand to receive the same treatment as is meted out to the other provinces. But we do not believe in proclaiming our poverty to the world at the very time we are laying claim to being the richest province in the Dominion. If British Columbia's treasury be barren today it is largely our own fault. We have squandered our resources, and we do not appear to be very anxious to discontinue that practice, and moreover, we have recklessly disregarded sources of revenue that would have assured us a generous balance to the good. When we part with the finest harbor on the Pacific, through the agency of a band of adventurers for a paltry \$10,000, calmly give away eight hundred thousand acres of valuable land to a railroad corporation and decline to collect legitimate taxes from railroad corporations amounting toward a million dollars, we should not be surprised if difficulty be experienced in finding the money to carry on necessary public works. Of course these facts have nothing to do with the rights and wrongs of our demands for "better terms," but they do make the "hardup" plea sound somewhat incongruous.

A. BRUCE POWLEY, Jeweler

OFFICIAL TIME INSPECTOR C. N. R.

A Range That
Burns All the Coal

MOST likely you have been throwing away good coal every day without knowing it. Coal that is only partially burned in the fire-box.

Because, with the ordinary range draft, the air current only strikes part of the fire. Usually the damper door on such a range is situated at one end of the fire-box, which makes your fire hot at the draft end and cold at the other end.

Or the damper is perhaps on the left side of the stove, which makes an uneven fire for the same reason.

You are not only losing fuel, but your cooking and baking is unsatisfactory, for you cannot get a uniform heat.

Now, the draft in a Monarch Range is entirely different.

Instead of one damper door, there are two, one in each end of the fire-box.

These form a double or Duplex Draft, and both are regulated by the same handle.

So you get two direct currents of air at the same time, and your fire burns smoothly and evenly.

You open both drafts simultaneously and shut them off the same way. The draft striking the fire from both directions consumes all the fuel, and gives you all the heating power from the coal.

When you empty the ash-pail in a Monarch Range, you are throwing away ashes—and ashes only—not coal.

And in addition to this, the Monarch is constructed of Steel and Malleable Iron, which can be riveted so tight and solid that no air-leaks can possibly happen as they do in cast iron ranges.

The top is Malleable Iron, polished and bright. You can keep it clean without smearing your range with blacking which gets on the cooking vessels, to make more work for you.

A \$1.00 Cook Book Free

The Monarch Cook Book, written by Mrs. Helen May Thomson, an acknowledged authority on domestic science is a Real Book, not a cheap circular, 244 pages bound in cloth on board covers—a book that would cost \$1.00 at the book stores.

It contains 288 recipes, many of them new, all simple, easy to make and inexpensive.

Has practical menus for the whole year and many valuable hints on diet and marketing. You can get it without cost if you intend buying a range or cook stove within a year.

HOW TO GET IT. Cut out this advertisement, mail it to the Malleable Iron Range Company, Beaver Dam, Wis., and tell them when (stating month if possible) you expect to buy and you will secure this valuable book free. As the edition is limited, write now.

Canadian Notable Bank Failures

Record Good But Not Altogether Clear. Bank of Upper Canada's Collapse Worst Recorded

(Nelson Daily News.)
Bank failures in Canada are by no means so common as in the United States, a blessing that is partly due to more stringent laws and partly to greater conservatism among bank managers, although the case of the Ontario bank cannot fail to disturb accepted ideas on the latter point. Nevertheless we have had our failures, some of them almost national in the scope of their disaster, some of them the result of reckless management, and even crime and others due to the inevitable directors, who regard their duties as purely nominal, and whose favorite jargon is "allow the manager a free hand." In the Canadian Encyclopedia are found several instances of bank failures, due to either of the main causes—crime or inefficiency.
The worst failure in our banking history was that of the Bank of Upper Canada, whose collapse spread shame and ruin from one end of the province of Ontario to the other. One who remembers the failure describes the cause in these terse terms, "Lending money to the family compact." The bank advanced large sums on land, mills, factories and ships to men who were of excellent family and reputation, but in many cases entirely lacking in business capacity. On the strength of their family standing and their own praiseworthy intentions, the bank of Upper Canada lent them large sums of money. Through the mismanagement of their clients these enterprises proved unsuccessful, and ran down one by one, each owing the bank more than it could pay.
Strong though the bank was, it could not stand these heavy blows, and it went to the wall. Its failure brought down many other businesses, sound in themselves and wisely managed, that could not stand the sudden call for funds from the distressed bank. Critics reviewing the case say that if the bank of Upper Canada had confined its operations to Canada, where its directors lived, and where their knowledge of affairs was greatest, it would have been all right. But of business matters outside their own little circle the directors knew nothing, and they suffered for their ignorance. One instance of their mad banking was the cashing of bills of exchange, amounting to \$1,000,000 drawn by the Grand Trunk Railway officials upon London. This they did at the instance of government officials, but without the government being responsible in any way. The directors were returned dishonored. Depositors and note holders were paid in full, but a large debt to the government was never discharged. Thus perished a bank that once owned the whole of St. John's ward.
By a single creditor the Commercial Bank of Kingston was ruined. The creditor was the Great Western railway company, whose account was at first a small affair, but rapidly grew. The railway borrowed money to build a

line across the state of Michigan to connect Detroit and Milwaukee. At the outset the company raised the money necessary for construction in England, but soon it needed it faster than it could be raised there. The company date the railway, at first for only a month. Gradually the amounts were increased and the dates of payment deferred, until the railway owed \$1,200,000. At this point the bank ran down, and tried to collect the debt from the company. It was paralyzed to learn from London that the directors of the railway repudiated the loan altogether, and alleged that the money had been really borrowed by the Detroit and Milwaukee railway company. A lawsuit showed that the officials who had borrowed the money were officials of both corporations, and the bank was unable to collect from the Great Western. The result of this suit so alarmed the depositors that they caused a run and the Commercial bank had to close its doors. Afterwards note holders and depositors were paid, and about a third of the bank's capital was saved. The salvage was purchased by the Merchants' bank.
Since this memorable day when the Commercial bank closed its doors there have been several other failures. That most familiar to Toronto people was the failure of the Central bank, after a short life. In this case the manager was induced, by some means or other, to lend large sums of money on inadequate security. This money was lent and the crash came in due time. The Federal bank also closed, but its creditors were all paid in full. In Montreal the Mechanics' bank, the Metropolitan, the Exchange, the Consolidated, and the Banque du Peuple all failed. The wreck of the last was the result of a few years of reckless management, following a conservative record of more than half a century. The Maritime Bank of St. John, and the Commercial Bank of Manitoba succumbed to a few years of ambitious enterprise.
Of late years the Bank of Ville Marie has failed, and its president, Weir, long an honored figure in financial circles, was sent to prison for two years for his share in the difficulties. Down in Nova Scotia the president of the Yarmouth bank has recently been sentenced to imprisonment for making false returns to the government concerning his bank's situation. But a more distinguished man than either, one of the most prominent men in the country, was once sent to jail for two days for making false returns. This was Sir Francis Hincks, president of the Consolidated Bank, at one time prime minister of Upper Canada, and one of the promoters of the Grand Trunk railway company. His high position and splendid service to the country did not save him from the odium of a jail sentence, once the offence was proved against him.

HUNTERS NOT WARRIORS.

Omaha, Oct. 31.—Advises received at the army headquarters late this afternoon from Lieut. Grierson, in command of the detachment of the Tenth Cavalry, which first took the field in pursuit of the Utes in Wyoming, say that there is no prospect of a clash between the troops and the Indians. The latter are quietly hunting in the mountains near their camp on the Powder river, instead of moving toward the Cheyenne reservation as reported. Lieut. Grierson expects to have a conference with the chiefs of the band in a day or two.

EXPULSED JEW STUDENTS

Bulletin Special.
St. Petersburg, Nov. 4.—In spite of the protests lodged by the students, the rector and the council of St. Petersburg university, the prefect of police has refused to allow Jews who do not belong to the university, to attend the lectures, and has ordered them to be expelled from the capital on the ground that they have no right of residence.

MAY PROSECUTE DIRECTORS

Bulletin Special.
Toronto, Nov. 4. — A meeting of the Policy Holders' Association of Canada, was held Saturday evening for the purpose of appointing a committee to co-operate with counsel in the presentation of the case of the policy holders before the insurance commission. It is believed that action will be taken against the directors of several Assurance companies to recover from the directors sums alleged to have been wrongfully paid out to promoters and others.

PRESENTATION AT AGRICOLA.

Fort Saskatchewan, Nov. 2.—A most enjoyable afternoon was spent in the little Presbyterian church, Agricola, on Friday 2nd inst., the members having met for the purpose of making a presentation to Rev. Mr. Forbes, who has been their pastor for a number of years but is now obliged to sever his connection with Agricola, owing to the larger growth and, therefore, increased work of his other fields. The afternoon's proceedings were opened by the singing of a hymn and prayer. The present pastor, Rev. D. Campbell, bell, formerly of Fifeshire, Scotland, but latterly of Nakusp, B.C., then gave a most felicitous little talk, touching briefly on the need of special evangelistic service during the winter. Mr. Taylor the superintendent of the Sunday school, spoke along the same line, making a strong appeal for more work in the Sunday school. The chairman, Mr. Atwell, then invited Rev. McClelland made the presentation. The address was as follows: "Several years ago their came to popular notice a little book entitled 'Ships That Pass in the Night.' Pathetically did the authoress in her story picture the touch of life upon life in this great sea of human experiences. As one comes in contact with others, his own life is betored or marred and other lives as impressionable as his own, are changed alike by his influence. The poets frequently emphasize this thought in lines beautiful and full of meaning.

"In no life can be gauge
Unconscious influence's mighty share,
Daily our shadows fall, we know not
where,
And every glance and tone, their influence bear,
Our many deeds, the thoughts that we have thought,
They go out from us, thronging every hour,
And in them all is folded up a flower
That on the earth doth move them to and fro,
And mighty are the marvels they have wrought
In hearts we know not, and may never know."

"Life has its joyous meetings and also the partings, which are keen and painful. Dear Mr. Forbes it is no more than seven years since you first came to be our pastor at Agricola, and now that the time has come for us to part we feel that we cannot let you go without a word of appreciation. Your most earnest work in making known to us the truth as it is in Jesus, and also your willingness to lend your aid in every needed undertaking we shall never forget. We ask your acceptance of this purse and trust you may be spared for many years of further usefulness."

Mr. Forbes was taken entirely by surprise, but made a most suitable reply, after which tea was served by the ladies of the church. Then good-

byes were said and we were soon speeding away home to the merry jingle of the sleigh bells.

Dr. and Mrs. W. B. S. Donald returned home on Friday after a year's absence.

Mr. and Mrs. H. A. McAvoy, who went east on the I. O. O. F. excursion, are home again.

Mr. R. Veitch, who has been visiting his parents at Meaford, has returned.

BIRCH LAKE.

Gilpin, Oct. 31.—We are enjoying beautiful, clear, bright weather. The only sign of autumn so far is in the withered prairie grass and leaves. Threshing is nearly all finished. It took three steam outfits to do the settlement this season and from the most reliable information obtainable spring wheat will average about 30 bushels to the acre, and oats from 30 to 60. There is some shrinkage in late oats owing to premature ripening caused by the excessive heat during the first two weeks of August. The best average yield of spring wheat was obtained by W. H. Empey, 33 bushels to the acre, and the best oats were grown by Arthur Henke, average yield 75 bushels to the acre. There is cause for gratitude and thankfulness for another bountiful harvest. With peace and plenty throughout this district; with every settler's granary full to the brim, it will take some time to move all this grain to market.

With the present condition of our roads we hope the minister of public works will see that the two coulees in the settlement are bridged soon, so that settlers will be able to reach the railroad with their grain. There is a market at Ranfurly, on the C. N. R. The grain is loaded from the farmer's wagon into cars on the siding.

A great many farmers complain of the small margin of profit at present paid by local dealers and are arranging to ship their grain direct to Winnipeg.

One of the most enjoyable entertainments ever held in this district took place on Wednesday evening, Oct. 24, when the new Clover Lodge school, in the McLean settlement, one of the prettiest and most fertile districts in the Birch Lake valley, was formally opened. His part of the district is almost entirely settled by Americans.

Hector McLean, accompanied by his son and son-in-law, C. H. McLaughlin, from Iowa, were the pioneers, and marked out the first trail between Vegreville and their homesteads, five years ago. The new school is about half a mile from Mr. McLean's large and commodious new house, built this summer, and its lights served as

beacons to pilot many a stranger to the school that night. Owing to the absence, through illness, of Hector McLean, the senior trustee, Samuel Ashley, of Lake Alice, performed the duties of chairman. After giving those present a cordial welcome the excellent program provided for the occasion was proceeded with. He opening song, The Maple Leaf Forever, was given by J. A. McDougall, accompanied by R. V. Gilpin, the audience joining in the chorus. A recitation by O. Regan; musical selection by the Gilpin string band, composed of Miss Bahen, Messrs. Gilpin, Ryan, Hennessy and McDonald; a reading by Miss Pearl McDonald; a recitation by Edna Sloman; duet by Miss and Mr. Gibbs; recitation by Grace Hughs; musical selection by W. E. McDonald. The program was in two parts. After the first part was concluded a tasty luncheon was served to all by the ladies. The following ladies had charge of the refreshments: Mr. C. H. McLaughlin, Mrs. C. Young, Mrs. L. Gibbs, Mrs. J. H. Anderson, Mrs. James Gibbs, Mrs. Regan, Mrs. Hughs and Miss Gibbs. Those from Gilpin were Mrs. B. C. Gilpin, Mrs. G. L. Dodge, Mrs. J. Sloman, Mrs. J. Walker, Mrs. W. H. Empey, Mrs. James Hennessy, Miss Gilpin and Miss Bahen.

The second part was as follows: A medley, in which Messrs. Bradley, Empey, Dodge, Watson and McDonald took part; a recitation by Mrs. C. Gibbs; a song by the Gibbs family; a musical selection by the Gilpin string band; recitation by Mrs. B. C. Gilpin, who succeeded well in moving the feelings of her hearers with "How he Won His Freedom"; a song by W. Wright; recitation by Mrs. James Gibbs; an address by Rev. W. F. Bradley, in which he reviewed his three years of pioneer work in this district. He was sorry that the first school was not built sooner, but he was glad to see a new school before leaving. He could not say who was to succeed him, but hoped that some one would take his place. Song by A. Wright, "The Village Blacksmith," recitation by Mrs. L. Gibbs; a brief address was given by J. A. McDougall in which he extended to the trustees and ratepayers of Clover Lodge his congratulations for the neat, comfortable school which they erected for the education of their children. He would impress on parents and guardians that it was their duty to see that the children were given an opportunity to acquire a fair education. A boy or girl without an education in this age of improvement and inventions was badly handicapped in any occupation or calling. He also advised the children to be diligent and studious, to make the best use of their school days, which were the happiest and most important period of their lives. He hoped none of them would have cause to regret lost opportunities or misspent school days. Before sitting down he had another pleasant duty to perform and asked Rev. Mr. Bradley to come forward while he read the following address:—

To Rev. W. L. Bradley.

Sir,—A number of personal friends in the Gilpin settlement have learned to take a course in Victoria College, Toronto and desire to express their appreciation of your services while going in and out among them for the last three years; and to beg of you to accept the accompanying silver-headed umbrella as showing a gratitude which cannot be expressed in verbal compliment. Your rise to the honourable position you hold in the Master's vineyard was due to your own ability and your own unaided effort and capacity for hard and honest work. We have to thank you for the many occasions upon which you so earnestly expounded God's word in our hearing; and your future career will be watched with interest and affection by your friends at Gilpin, who wish you a safe and pleasant journey, continued health, happiness and prosperity.

J. A. McDUGALL,
Chairman of the Committee.
Dated this 24th day of October, 1906,
On behalf of the givers.
Mr. Bradley was then presented with the umbrella and in a brief address

expressed his thanks for being remembered by his friends on the eve of his departure. He would always have a warm place in his heart for the people of Gilpin.

The program was then proceeded with and was as follows: A recitation by Mrs. J. Gibbs; song by Miss and Mr. Gibbs; song by B. C. Gilpin, who brought down the house and had to respond to an encore with his popular comic song, "I'm Not So Young as I Used To Be." God save the King.

TELEGRAPHIC

TREASURER GONE

Chicago, Nov. 3.—J. Christian Zalken, supreme treasurer of the Danish Brotherhood of America, is missing and it is found that \$50,000 of the order's funds are gone too. He has not been seen since Oct. 20th. It is said that practically all of the reserve fund is gone, \$7,000 of which is said to have been lost in the failure of the Milwaukee Avenue bank. Mrs. Zalken says she will pay the whole shortage.

THE GRAIN BLOCKADE

Toronto, Nov. 3.—A grain blockade, as troublesome as in 1905, is feared at the Georgian Bay ports. The navigation companies on the upper lakes, and the large shipping and milling interests are the authority for the statement that the railway companies are in practically the same relations to the heavy traffic offering as they were last year, when the railway commission was asked to investigate and remedy the congestion. From this it seems there is little available space left in all of them against the carrying record of vessels. All the vessels to Georgian Bay ports, commissioned prior to 1906, handled approximately 4,300,000 bushels weekly. This year there have been nine vessels added with a carrying capacity of 650,000 bushels per week, making a total carrying capacity for this season of 5,950,000 bushels per week. If the elevators are unable to take the grain brought down congestion will naturally follow and the railways are pointed to as being the cause of the congestion. If the elevators were relieved they would have room for 1,000,000 bushels a week more at least. As the grain blockade is reported to be trying up export business at New York, there seems to be no likelihood of relief being obtained, if any export grain is directed through the United States ports.

There is considerable going through such channels now but should conditions grow troublesome along Georgian Bay and Canadian vessels should find it impossible to unload at Depot Harbor, Meaford, Milland, Owen Sound and Point Edward, exports could scarcely be blamed for sending grain through the United States.

CONFESSED TO CRIME

Brandon, Nov. 3.—Woolly Bear went into the witness box this morning and told his story of the crime committed by him. He admitted shooting and killing Wombalska, but claimed that he did so in self defence. He stated that Wombalska owed him money for work done by him and on the morning in question when he drove into Wombalska's yard, he came out and asked him if he had come for the money he owed him. Words followed ending by Wombalska's attacking the prisoner with a knife, inflicting several wounds. He admitted losing his temper and taking his gun out of the cutter he fired two shots at Wombalska, who dropped to the ground. He then drove back to his brother's place at Pipestone, where, after telling his brother what he had done, he bid him good-bye and went outside and shot himself with the same rifle that he had killed Wombalska with. After this he remembered nothing more. This concludes the evidence to be given in this case.

MARAUDERS AT HAVANA

Havana, Nov. 4.—On account of the great insecurity left from the presence of bands of robbers and free booters, all over the island, Governor Magdon has organized bands of rural guards which will be sent out to harass these American troops will replace the rural guards in the cities and towns.

KILLED BY EXPLOSION

Buffalo, Nov. 4. One man was killed, and two badly injured by an explosion of boilers Saturday afternoon at the American Palace laundry. A score of girls were working twenty feet from the boiler and escaped uninjured.

RAMMED A BATTLESHIP

Norfolk, Va., Nov. 4.—The United States battleship Virginia was rammed today in Hampton roads by the old Dominion liner Monroe. Both vessels came afterwards to this port. The Monroe, inward bound from New York landed her passengers at her pier the Norfolk navy yard. One set of the battleship's davits were turned in board, while two six inch aft guns and one three inch gun were raked. The Monroe sustained a bad tail on her steel prop. A survey will be made of both vessels.

NATIONALIST ELECTED

London, Nov. 4. Gwyn the Nationalist candidate has been elected in Galloway amid scenes of great disorder.

POOT FUEL MAKES TROUBLE

Halifax, Nov. 4.—The Dominion Steel and Dominion Coal companies are believed to be at war. The steel

company claims that because of the amount of sulphur in the coal supplied their product is impaired. Unless they can secure the proper fuel they will be compelled to close down.

SMALLPOX AT HERSCHELL

San Francisco, Nov. 4.—Returned whalers report that smallpox has broken out in the Herschell Island and committed considerable ravages.

TO DEEPEN THE MINE

Nelson, B.C., Nov. 4.—A contract has been let to sink the Leroy another two hundred feet.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Edmonton, Alta." will be received at this office until Wednesday, November 28, 1906, inclusive, for the construction of a Public Building at Edmonton, Alta.

Plans and specification can be seen and forms of tender obtained at this Department, on application to Mr. R. J. Manson, Clerk of Works, Edmonton, Alta., and Mr. J. Greenfield, Supt. of Public Works, Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures. Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By Order.

FRED GELINAS,

Secretary.

Department of Public Works, Ottawa, October 29, 1906. Newspapers inserting this advertisement without authority from the Department will not be paid for it.

FLOUR EXPORTS FALLING OFF

The Canadian trade agent in Great Britain reports that the returns show a considerable falling off in the imports of flour from Canada during the past two years, the figures for 1905 being £1,330,100, as compared with £2,637,617 in 1903.

"A large firm in the flour trade have informed me," he says "that what is at present to a large extent obstructing the export of flour from Canada to the United Kingdom is the fact that there are too few mills there, and those do not follow the policy pursued by the first-class American and Hungarian mills, which is to give their agency to one firm who gradually build up a business for one brand, and thus insure a continuous trade. They point out that at present the mills in the Dominion sell their product to any one and that consequently it never becomes the special interest of any particular firm to push a special brand of flour, or to help make a reputation for it."

dominion exhibition

September 22nd to October 5th, 1906.

Halifax, N.S., October 8, 1906.

My Dear Mr. Rutherford—

Permit me through you to convey to the Government of Alberta, and especially to the official head of the Department, the sense of appreciation of the Nova Scotia Provincial Exhibition Commission for the most interesting and valuable exhibit of the resources of Alberta, which you displayed at our recent Dominion Fair.

The exhibit was placed in the most handsome and artistic manner and was studied with interest by thousands to my own knowledge, and I have no doubt by many thousands more. I can only say that it will be a matter of pleasure to the Provincial Exhibition Commission, and I think a matter of advantage to your province, to have an exhibit of similar character at all our provincial shows.

Yours very truly,
(Signed) J. W. LONGLEY,
President.

Hon. A. C. Rutherford
Premier of Alberta,
Edmonton, Alta.

TRAIN ARRIVAL CHANGED.

Bulletin Special.
Winnipeg, Nov. 4.—Under the winter schedule the Canadian Northern express reached Edmonton at 8:22 p.m. instead of 1:45 a.m. and this goes into effect on the 7th.

KILLED BY A FREIGHT.

Bulletin Special.
St. Thomas, Nov. 5.—Wm. Jones, aged 21 of Tibury, and Wm. Bates of Hawtry, were instantly killed, E. Bates and Norman Hanon badly mangled, while riding on a hand car which was struck by a fast freight train.

FURNACES BANKED.

Sidney, C.B., Nov. 5.—The blast furnace of the Dominion Steel company are banked today for want of coal.

SAILORS RIOT.

Bulletin Special.
Portsmouth, Nov. 4.—An outbreak of five or six hundred sailors last night necessitated the immediate mobilization of the entire force in the naval barracks to prevent serious results. The men had assembled in the gymnasium when a senior officer, a man of short stature, started to administer a reprimand for the breaking of discipline. ordered the front ranks to kneel in order to see the men in the rear. The order was resented and the men who refused to obey were arrested. The comrades of the aggrieved men ran amuck, wrecked the entrance, and other premises and were only held in check by superior forces with fixed bayonets.

UNITED STATES ELECTIONS.

Washington, Nov. 4.—Official Washington is looking forward with keen interest to the results of the elections in 42 States tomorrow. The president is principally concerned in the outcome in New York. Although the Republicans are willing to admit the Democrats make some gains they do not concede the former all they claim.

MUST PAY ITS WAY.

Bulletin Special.
Ottawa, Nov. 4.—Hon. M. R. Emerson on Saturday addressed the members of the Canadian Club on the aims and results of the Intercolonial. He said that last year there was a surplus and the days of deficits on the road had come to an end. The time had arrived when the revenue would have to meet the expenditure.

AN OBLIGATORY DRESS.

The Only Correct Coat for Any Day Function.

The full frock coat, or "Prince Albert" was first brought into popularity by Prince Albert, consort of the good Queen Victoria, who occupied in his day somewhat the position in regard to fashion that King Edward does now. For day dress, for day weddings, receptions or functions, and especially for church and Sunday wear, the full double breasted frock coat is the only correct dress for men. It is obligatory.

Semi-Ready frock suits of fine black chevrons, are sold in all the Semi-Ready Wardrobes at \$25, \$30 and \$35, according to quality of cloth and silk linings. The Semi-Ready frock coat for fall is conservative and modest. The shoulders are square and of natural width. The coat falls just below the knee. Kelly & Moore will show the real Semi-Ready label to anyone. It is on the inside pockets of coats, trousers and overcoats.

Every steel-plate range kept the kitchen broiling-hot until we found out just how to use asbestos to keep the heat in a cooking range where it must cook the food instead of cooking the cook. THIS range is a COOL range—lined with thick asbestos, so the heat stays inside the range, so the oven bakes quick and bakes evenly. Food is better cooked quicker cooked and cooked for less fuel-cost, and cooked with less bother.

FOR CLEANLY COOKERY
Oxford Chancellor
BURNS WOOD OR COAL

Everything about it is cleanly, —ash-pit has an outside guard so it can be emptied without fluffing ashes over everything; feed-door extra big to take in fuel without clutter and muss. And this range's draft-control is sensitive, easily-governed, brings a fire up quick or cools it down quick, easier to manage than you think possible. Couldn't make this range any more handy, any more serviceable, —it's all it should be to please you.

Came and Price It. Many styles for every purse and any fuel, always on view.

THE GURNEY FOUNDRY CO., Limited
Toronto Montreal Hamilton
Winnipeg Calgary Vancouver

Water heats and evaporates many times as quickly above a fire as below it. To have the water pan in the bottom of a furnace makes the atmosphere of a house very dry. The water pan is at the top of the

Hecla Furnace
(The only furnace with a gas and dust-proof joint.)

The air in the living rooms is always fresh and moist—not dry. Such an arrangement permits a profusion of flowers—your windows can be turned into veritable conservatories.

Makers, Berlin

Oxford Hot Water Boiler

The diameter of the fire-pot is greater at the top than at the bottom, preventing an accumulation of ashes around the most active part of the boiler.

The triangular revolving grate is hollow, allowing immense air space without permitting live coals to drop through. Lead ashes, clinkers, etc., are sharply cut off by a turn of the grate. The whole contents of the grate are dumped by a few extra turns.

We would like to tell you more about the Oxford Hot Water Boiler. Will you write for our book? It's free. 1007
